ILLUSTRATIVE REPORT · FICTIONAL AMA WORKS WORKSPACE

Tuesday's Money Story.

13 October 2026 · GHS · Business workspace

Money received	Money paid out	Recorded net movement
GH₵2,300.00	GH₵930.00	+GH₵1,370.00

The meaning behind the numbers

Sales value was **GH₵2,400.00**: GH₵900.00 received in Cash, GH₵1,200.00 received in MoMo and GH₵300.00 owed by Kojo. Abena's GH₵200.00 payment reduces an earlier balance and is not a new sale.

Outflows include GH₵700.00 for stock, GH₵80.00 for delivery and GH₵150.00 taken by the owner. The GH₵500.00 Bank → MoMo transfer is excluded from money-in/out totals. Stock purchases and owner withdrawals are not automatically operating expenses.

People owe you

GH₵700.00
Abena GH₵400.00 · Kojo GH₵300.00

You owe

GH₵1,500.00
Supplier GH₵500.00 · loan principal GH₵1,000.00

Recorded account balances

Account	Declared opening	Recorded closing
Cash	400.00	450.00
MoMo	1,200.00	3,020.00
Bank	3,000.00	2,500.00
Total · GHS	**4,600.00**	**5,970.00**

Declared opening 4,600.00 + recorded net movement 1,370.00 = recorded closing 5,970.00. Balances are manually tracked, not independently verified. This report does not establish business profit; cost-of-sales and inventory information are missing.

Confirmed illustrative records only. Drafts, internal transfer movement and goal allocations excluded from receipt/outflow totals. Missing activity is not zero. Not an audited statement, tax filing or proof of funds.

The original narration

> "Today I sold GH₵2,400: GH₵900 cash, GH₵1,200 MoMo, and Kojo still owes GH₵300. I bought GH₵700 of stock with cash, paid GH₵80 delivery from MoMo, moved GH₵500 from bank to MoMo, Abena paid GH₵200 of what she owed into MoMo, and I took GH₵150 cash home."

Goal allocations are separate

New equipment target GH₵6,000.00; assigned GH₵1,200.00; 20%. Allocations of GH₵300.00, GH₵400.00 and GH₵500.00 in July–September produce a median GH₵400.00 monthly pace. Assigning funds did not move money or reduce the account balances above.

Remaining GH₵4,800.00 ÷ GH₵400.00 = 12 monthly contributions, assuming future contributions from end-October 2026. This estimate does not establish affordability: the business also declared GH₵100.00 monthly loan repayments and a GH₵500.00 supplier balance due 31 October.
